Commencing Aug. 1, 1920, the price of gas furnished by this Department will be as follows:

In making this increase your Com-missioners have given the matter care-ful consideration and find that, because of the excessive increase of the cost of all material entering into the manu-facture of gas, it has been found neces-sary to raise the price of gas to the above named rates.

No change is being made in the elec-tric lighting rate, with the exception that the minimum charge will after Aug. 1, 1920, be \$1 per month or frac-tion thereof.

We call to them, and we sing for them,
But they pass with the sea wind flying:

Wilt stay and be loved by me?"
And I held him and whispered in his ears,
But he would not answer me; He never answered me.
